## FROM THE STOP TO THE REPORT: REVIEW THE ENTIRE OUI INVESTIGATION

Gone are the days when an OUI arrest consisted of a stop, field sobriety tests, and a chemical test. An OUI investigation is now the most complicated misdemeanor investigation an officer will regularly conduct. Additionally, OUI investigations are routinely challenged and litigated. With the complications of prescription and illicit drug use, as well as the legalization of recreational marijuana on driving, there are many hurdles for law enforcement. This class reviews the entire OUI investigation from the time of initial contact until the time for testimony under oath. It is designed for all officers and requires no prerequisites.
