

Basic Death and Homicide Investigations

This class is intended for first responders, prospective detectives, active investigators, and prosecutors.

This three-day certification-level class will provide students with step-by-step instruction about the initial response to a major crime or death, scene preservation, and documentation intended to ensure a complete and legal investigation regardless of criminality or prosecution.

MISSION STATEMENT

Our mission is to reduce companies' risks and increase safety through affordable training, education, and customized consultation to private sector businesses and public safety organizations.

The student will gain proficiency in:

- ✓ understanding the death process,
- ✓ types of deaths,
- ✓ and indicators to guide the student within their investigations in concert with the Maine Attorney General's protocol for death investigations.
- ✓ evidence identification and collection,
- ✓ witness identification
- ✓ interviewing,
- ✓ as well as the autopsy process.

Case studies will be presented to solidify the applications above, and class participation is required to demonstrate proficiency in these principles.

INSTRUCTORS:

Abbe Chabot & Michael Chavez

Each instructor has 25 years in the State Police and been on several specialized training teams while earning several meritorious awards.
